## Awards Nomination Form

**For the Government Organization, Non-Profit Organization, Government Official and Commercial Enterprise and Individual Awards, please submit your nomination (limited to one page) responding to listed selection criteria below:**

1. Describe briefly how nominee has demonstrated outstanding and/or unique contributions to clean air through energy efficiency and/or renewable energy actions or programs.
2. Describe briefly how the actions taken by the nominee can be replicated or serve as catalyst for additional clean air through energy efficiency and/or renewable energy.
3. Describe how those actions have resulted in quantifiable energy savings or production of renewable energies.
4. Describe how nominee's actions address any or all of the following additional considerations:
  - a. Innovation
  - b. Degree of difficulty overcoming challenges to meeting goal
  - c. Scope of the work (local, regional, state)
  - d. Contribution to local environmental goals and/or leadership within the nominee's sector (government organization, government official, non-profits, individuals and commercial enterprises)

**For the Gregg Cooke Award for Environmental Excellence, please submit your nomination (limited to one page) detailing how your nominee has inspired others through creative and cooperative problem solving and brought both passion and reason to the pursuit of environmental protection.**

**Please submit your completed awards nomination form to Angie Rowell at [angierowell@texasenergysummit.com](mailto:angierowell@texasenergysummit.com).**
